Los sonidos del español: Vida intelectual en el Buenos Aires fin-de-siglo. There are no discussion topics on this book. The idea of modernizing moves is very useful in analyzing the rise of modernity in the nineteenth century as a world dynamic carrying a universal content, but, since this approach supposes a telos it takes for granted an inner dialectical movement that illustrates important social processes of a peripheral condition in the circuits and spheres of circulation of nineteenth-century modernity: Kaitlin rated it
