This book deals with that and with some supernatural activists
who may want immortality and to rule the world - so not much.
Savannah also realizes that she may not treat him with the
respect that he deserves. Download Image Download Image.
Hispowersseemtowearoutquicklyanddoone-dimensionalshots. There
are tons of connections that I certainly missed in the
previous books, and it looks like there was a rhyme and reason
to all the happenings. In Spell Bound, there's a group of
supernaturals called Immortality questers, who feel it is time
for them to come out into the open and take what is rightfully
theirs, namely, the world. I don't want to give too much away,
but lets just say that while Savannah is struggling to figure
out how to regain her powers, she might get kidnapped, again,
save a certain vampire, get drunk with a HOT demon on more
than one occasion, and struggle with some major things with
certain members of her family.
