The Disappeared (Jenny Cooper, book 2) by M R Hall

The Disappeared is the second thrilling installment in Matthew Hall's gripping, CWA Gold Dagger shortlisted Coroner Jenny Cooper series, from the creato Two young British students, Nazim Jamal and Rafi Hassan vanish without a trace . The Disappeared is followed by the third book in the Coroner Jenny Cooper.

I really enjoyed the first book in this series, but this one neh, not so much. The plot was interesting, and what has happened over the last few years shows how.

I have two more to go and I just hope before I get to the end of the second one a new one is in the shops. Was a bit disappointed by this having really enjoyed The Coroner. The mother is killed, the lead detective in both the case involving both the disappeared boys as well as the mother's death may be bent. This is the second completed Cripes! Was a bit disappointed by this having really enjoyed The Coroner. This is the second completed Cripes! Which was a refreshing reprieve, although it took some pages to get into the story as I had to actually come to be interested in the people rather than some gruesome storyline.
