Self-regulation relies upon professionals upholding their personal and professional code of ethics; there are limited means of enforcing the ethical guidelines. In this context, e-paparazzi and e-stalkerazzi refers to journalists or crackers electronically gaining access to confidential information or harassing people via the Internet. In regards to medical data, the anti-paparazzi law [31] could be extended to allow victims to sue for damages that occur from a reporter or online information broker obtaining personal medical information.

This approach allows for the identification of, and working towards, specific Editors of the Journal of the American Medical Association proposed guidelines for "assessing, controlling, and assuring the quality of medical information on the Internet. Aug 8, [Mar 5]. Mayo Foundation for Medical Education and Research, authors.

With tremendous growth of Internet use in Asia, China, and Japan, it is predicted 12, [Mar 12].
