Alexandra marked it as to-read Feb 05, This example exposes  
the twin purposes of the book. They learned the language so  
they could read "The Colloquy of the Dogs," which is just  
that:

GaddeditJun02, Freud nedatreatiseoncriminallawbyaMexicanjudgewhop  
Lenny is currently reading it Jul 14, Such fusions might well  
have been troubling to Freud, the anxious father of his  
fragile discipline defending its boundaries against those who  
thought it was altogether non-scientific and outrageous, while  
being of interest to Freud the fascinated analyst of cultural  
imaginaries that could be evaluated through psychoanalysis—not  
as clinical practice—but as site of dramatic new insights into  
sexuality, subjectivity, and group psychology. Gallo tells us  
that Freud spoke Spanish which he and a friend taught  
themselves when they were but fifteen years old.

Diasymarkeditasto-readJan07, Although Freud himself never  
visited Mexico, he owned a treatise on criminal law by a  
Mexican judge who put defendants—including Trotsky's  
assassin—on the psychoanalyst's couch; he acquired Mexican  
pieces as part of his celebrated collection of antiquities;  
and he recorded dreams of a Mexico that was fraught with  
danger. All other interest and rights in the works, including
