With that in mind David needed someone who could run it for him and Letty Banks, a courtesan currently without a protector just might be able to serve in the capacity as Madame of the Pleasure Palace. The universe of this book is held in loose orbit around the Duke and Duchess of Moreland and their children.

David comes off just a shade too understanding and Letty just a bit too self-satisfied. She's always been an amazing wordsmith, but her plotting and characterization have come a long way. David, Viscount Fairly, has inherited The Pleasure House – a brothel and is in need of someone to run his establishment; he needs a madam. I know I was supposed to feel a connection with him and be able to empathize with his past but I never felt it.

I get lost in the story line at times in the afternoon, and it's dinnertime before I realize his upbringing and past experiences, David is understandably weary and heart sore, but not weak.
