This is due in no small part to each country's government fiscal stimulus measures. The West was exporting food and raw materials to East Asia and buying their manufactured goods; that is what has been running up the huge trade deficit between the United States and East Asia. But what happened then, as in these classic dependence models, was this: PriortotheAsianfinancialcrisisisthegrowthoftheFourAsianTigereconomy. Only after did China begin to alter the regional network as the third giant. The Dictionary of Human Geography 5th ed. Skiptomaincontent. The Four Asian Tigers recovered from the crisis faster than other countries due to various economic advantages including their high savings rate except South Korea and their openness to trade. This is perhaps best illustrated by the shockwaves that were sent through Taiwan in November when concluding talks of a China-Korea free trade agreement focusing on Korean SMEs took 75 place Ketagalan Media,
