Some of our on premises deployments will continue to live on  
premises and when people no longer need them we will shut  
them. Alternatively Microsoft has improved client side object  
model and we can develop and deploy SharePoint Add-ins using  
client object model.

Additionally, certifications will almost always help you stand  
out among other applicants for a job, and make it much more  
likely you'll get an interview. One good thing though, is that  
questions on topics that you're not that familiar with will  
pop up - and if you're smart you digest that and learn those  
areas. The point of Microsoft Sharepoint Questions post is  
simply to provide a conduit for the questions and give Quentin  
and Andrew a chance to give their .
