To view it, click. Profit from these shifts by mastering commodity futures and basis trading. The book also walks readers through basic mathematical and statistical concepts of trading system design and methodology, such as how much data to use, how to create an index, risk measurements, and . Hisdetailed,hands-onmanualoffersacompleteanalysis,usingasystemati Oh, and it's not just the Kindle edition where the charts are hard to read. It can be read non-sequentially and in piece meal, without losing context. Nov 01, Awertgafadgfz rated it it was ok. Theinformationiswellorganizedandpresented.A bold effort to try to cover everything in one book, but unfortunately, it's just a mess. Spencer Li rated it really liked it Jul 15,
